\$1.6 Billion Cancer Bill Sails Through

WASHINGTON (AP) — A \$1.6-billion bill to combat cancer has won an easy victory in early House rounds despite American Cancer Society preference for a Senate-passed rival.

The House Commerce Committee, sustaining the unanimous verdict of its 10-member public health subcommittee, voted 26 to 2 Thursday to endorse a bill that Rep. Paul G. Rogers, D-Fla., calls "the most comprehensive attack against a single disease in this nation's history."

That vote came after the committee decided 24 to 4 against a bill that had passed the Senate earlier this year 79 to 1 with endorsement of the Nixon administration and the American Cancer Society.

Rep. Brock Adams, D-Wash., chief House backer of the Senate bill, plans to carry his fight to the House floor. But, he said, "Unless there's a public outcry and some support from the President, the House bill will pass." Adams complained that no Republicans have joined him on key votes.

If given speedy consideration by the Rules Committee, Rogers said, the Senate bill could reach the House floor for a vote within two weeks.

The American Cancer Society, concentrating its complaints on organizational aspects of the proposed government setup in the House bill, has mounted an intense drive on behalf of the Senate version.

But Rogers, contending removal of the National Cancer Institute from the National Institutes of Health "would actually slow down research in cancer and would adversely affect NIH itself," said there is a need to "intensify our efforts instead of adding some cosmetic touches by establishing a separate bureaucracy outside of NIH."

The House version would create a three-year cancer-attack program within the NIH's National Cancer Institute. The Senate bill would set up a new "conquest of cancer agency" to function essentially as an independent unit. This bill puts no ceiling on funds.

Cheaper Auto Insurance Rates in 1972

LITTLE ROCK (AP) — The majority of the automobile insurance companies in Arkansas will offer a 10 per cent reduction in collision rates for 1972 automobiles that meet new Transportation Department bumper standards.

The plan was announced Thursday by Dick Herget, executive vice president of the Arkansas Association of Insurance Agents. Herget said tentative plans are for the reduced rates to become effective Nov. 24.

Herget said companies that subscribe to the Insurance Services Office rate structure would begin allowing the discounts. He said the companies write about 60 per cent of the auto collision policies in Arkansas.

House Education Bill Aimed Against Busing

By JOHN BECKLER
Associated Press Writer

WASHINGTON (AP) — The House early today passed a multi-billion-dollar education bill loaded with amendments designed to prevent forced busing of school children to overcome segregation.

The bill passed on a vote of 332 to 38 at 2:21 a.m. EST.

Included in the massive measure is a major new program of direct federal aid to colleges, \$1.5 billion to help schools desegregate, and a new educational research institute.

But the main focus of the emotional, night-long debate was on a series of amendments to restrict the federal government and the courts in ordering

busing of pupils.

By wide margins the House voted to prohibit expenditure of federal funds for busing, to prevent the federal government from requiring that a state spend its own funds for busing, and to delay any court-ordered busing plan until all appeals are exhausted.

The effect of the amendments was not immediately clear and, in any event, they still have to be acted on by the Senate.

Some members charged the House with violating the Constitution in trying to restrict the courts. Others said it was merely shifting the burden of paying for busing onto already overburdened local taxpayers, but the House was in no mood

COTTON FIELDS BACK HOME—in Uzbekistan, in the Soviet Union. This is a cotton depot in the Gagarin District.

Why Vote for the Bond First Degree Murder Charge Filed Here

Next Tuesday, November 9, Hope voters go to the polls to decide on two bond issues, one for \$1.5 million for Tennessee Forging Steel to build a new plant near Oakhaven which will employ 240 persons many highly skilled. The other is for \$3.6 million to allow Permaneer Corp. to expand its present plant in the same area which means at least 100 additional jobs.

Permaneer announced October 28 that it plans to build a new furniture factory here in addition to its present plant that will employ from 450 to 500 persons. Production is scheduled to start late in 1972.

The bonds are different from taxbearing issues because Act 9 bonds are underwritten by the private industry which is being helped. The City is under no obligation.

Hope and Hempstead's experience with Act 9 bond issues has been entirely good. On March 20, 1962, residents passed a \$245,000 measure for Delight Egg Co., now a part of the Corn Belt complex which is a subsidiary of Kroger Co. In 1965 the City voters approved a \$500,000 bond issue for Meyer's Brown N' Serve Bakery. In 1970 Hope voters passed a \$450,000 bond issued for expanding the Standard Generator Plant and a second bond issue for Meyer's for \$250,000.

These issues have helped some of our finest industries. They waived the local tax exemptions to which they would have been entitled in order to have better schools and community. Tennessee Forging and Permaneer have also promised to do their part taxwise.

Residents of Hope for 40 years or more know there hasn't been a great deal of change economically and in growth. It has been a struggle for the City of Hope to hold its own populationwise while Hempstead is losing population.

The primary reason for population loss is the area hasn't provided employment for its young folks. The few that remain usually have joined their fathers or relatives in business but for the most part they have had to go elsewhere to find suited employment. Tuesday could help change this. Hope has a chance to break the trend by voting for both bond issues which guarantee hundreds of new jobs with possibly more in the future.

Why not vote for something that will help our economic and population growth? We can't afford not to.

—Jones

China UN Delegates

UNITED NATIONS, N.Y. (AP) — Red China notified the United Nations today that its delegation to the General Assembly will arrive in New York next Wednesday or Thursday.

It said an advance party of six, headed by the delegation secretary, Kao Liang, would arrive Monday.

The travel plans were disclosed in a message to U.N.

Secretary-General U Thant from Chi Peng-fei, acting foreign minister.

Word previously had come from Ottawa, Ont., that Huang Hua, Peking's ambassador to Canada, would come to New York Tuesday to take up his post as permanent representative and delegate to the Security Council.

The travel plans were disclosed in a message to U.N.

to listen to such arguments.

Boisterous Southerners cheered as Northerners who had opposed such amendments in the past switched to support them, reflecting the spread of the busing controversy across the country.

With the antibusing amendments nailed into the omnibus measure, the House then approved, 211 to 160, President Nixon's long-delayed school-desegregation bill as a part of it.

The bill would provide \$500 million this year and \$1 billion next year to help schools that are desegregating. The money originally was intended to be used for busing, but Nixon last August asked that a no-busing amendment be added and the House happily obliged.

Following a preliminary hearing O.D. (Sonny) Green, 21, Negro, was charged with first degree murder in connection with the shooting death, Sunday, Oct. 31, of Herbert Byers, Negro, 30.

Byers was shot to death with a 22 cal. pistol at White's Grocery, near Ozan. Bond was set at \$5,000 but Green hasn't been able to make it yet, according to Sheriff Henry Sinyard.

Sheriff Sinyard also reported that five Negroes have been charged with burglary and grand larceny in connection with the burglary of the band room at Yerger Junior High School on October 25. Some 12 instruments were taken.

The Sheriff listed the five as Robert Lee West, Larry Lollis, Trop Bishop, Harold Ross.

Accident at Underpass Jams Traffic

Two accidents were investigated yesterday by City Police. One occurred in the 200 block of South Elm when a car rolled back into another. There was minor damage to the vehicles owned by Wilma Price of Arkadelphia and Henry Bradley of Hope. Officers Stovall and Brown investigated.

In the second accident at the Missouri Pacific underpass on Hervey there wasn't much damage but traffic was jammed for some time before the vehicles were removed.

City Officer Edwards said vehicles driven by Nelsvise Linde of Detroit and Willie C. Higgs of Okolona collided at the underpass and one side was blocked. The Officer charged Higgs with failure to yield the right-of-way.

Residents Are Opposed to WR's "New City"

MORRILTON, Ark. (AP) — Seventy-one residents in Conway and Perry counties have signed a petition that voices opposition to the proposed "new city" being planned in their area by former Gov. Winthrop Rockefeller.

The petition said, in part, that the "proposed program will completely overtake our community life destroying our public cemeteries, schools and churches. We are positively not interested in any proposals offered to us."

The proposed city would have a population of 80,000 in 20 years. The city would include a 3,000-acre reservoir, an airport, a medical center, convention center and recreation park.

Officials said the reservoir would put two cemeteries under water.

Nixon Asks India to Pull Back Troops

WASHINGTON (AP) — President Nixon arranged a second meeting today with Indian Prime Minister Indira Gandhi amid reports she is reluctant to pull back troops from the Pakistani border until Pakistan's refugee problem is solved.

At their first White House meeting Thursday, Nixon called for "moderation to reduce the risk of war" on both sides of the border and for a political solution to problems of East Pakistan.

Mrs. Gandhi described her first meeting with Nixon as useful. She planned a session with Secretary of State William P. Rogers as a prelude to the second meeting with the President.

U.S. officials said the first round of talks brought a deeper understanding of the India-Pakistan problem.

Indian sources said the New Delhi government cannot pull back its troops from the border until a political settlement, enabling 9.5 million East Pakistani refugees to return home, is reached.

At a White House dinner Thursday night in Mrs. Gandhi's honor, she referred to the burden placed on her nation by the outpouring of refugees from Pakistan.

Pay Board Down to 'Nuts & Bolts'

WASHINGTON (AP) — The embattled Pay Board is described as "down to the nuts and bolts" stage of negotiating a Phase 2 wage increase formula, with hopes of agreement by Monday.

But the board found itself in a cross-fire of angry charges between President Nixon and Congress Thursday, and the Phase 2 program wound up deep in politics.

President George Meany of the AFL-CIO voiced hope of a settlement by Monday after the House Banking Committee dealt itself a hand in the tense, three-way bargaining session of the 15-man labor-public-management Pay Board. The negotiations were to resume today.

The House committee voted amendments to Nixon's Phase 2 control bill which would give unions substantially what Meany demands—the full pay increases negotiated before the wage-price freeze, except for "grossly disproportionate" boosts, plus retroactive payment of increases that were blocked during the freeze.

In quick reaction, Nixon read a statement to reporters at the White House:

"The committee's action is clearly inconsistent with the purposes of the economic stabilization program," he said. "It would provide for a piecemeal approach to the development of the programs...."

"The amendments would provide for special treatment to one segment of the American economy."

Banking Committee Chairman Wright Patman, D-Tex., retorted that Nixon had decided to turn a bipartisan program "into a political attack on the Democrats.... The President's party apparently has mapped a campaign to use the wage-price program for partisan purposes."

The Pay Board's deliberations were disrupted by the committee votes. The five management and five public members asked and obtained two 90-minute recesses of the session. They reconvened, but darkness had long settled before the delayed session ended.

Yet the board members seemed unruffled. Meany's comment that the board got down to nuts and bolts was endorsed, in effect, by Donald Rumsfeld, director of the Cost of Living Council and an ex-officio member of the Pay Board. The Banking Committee's action "directly undermines" the tripartite idea underlying the board, Rumsfeld said, but he added:

"I'm not a spokesman for the Pay Board. They are doing their work in an orderly fashion.... Progress is being made."

Unemployment Decline for Second Month in a Row, U.S. Report Shows

Foreign Aid Cut by \$2.3 Billion

By CARL P. LEUBSDORF
Associated Press Writer

WASHINGTON (AP) — Separate congressional efforts to rescue foreign aid from last week's Senate rejection are headed for debate in both houses in an atmosphere of increasing antagonism between congressional critics and the Nixon administration.

The Senate Foreign Relations Committee decided Thursday to separate the aid program into military and economic bills. In addition, the panel retained restrictive proposals the administration opposes, and cut the total aid amount to \$2.3 billion—\$1 billion less than the administration's minimum.

Even with the cut, however, chairman J.W. Fulbright, D-Ark., expressed doubt the new bills would be approved. "I think it's marginal," he said, adding he will seek further cuts.

While the Senate committee moved forward with its bills, intended as interim measures

to next June 30, the House Rules Committee cleared the way for consideration Tuesday of shorter interim funding for the aid program and agencies which don't have regular appropriations yet—the Defense Department, the Office of Economic Opportunity, and the District of Columbia.

High Court Nominee Clears Hurdle

WASHINGTON (AP) — Asst. Atty. Gen. William H. Rehnquist appears to have cleared the first hurdle to Senate confirmation for a seat on the Supreme Court.

Chairman James O. Eastland, D-Miss., of the Senate Judiciary Committee excused Rehnquist Thursday after two days of questioning and said the committee will turn its attention to Lewis F. Powell Jr. when it reconvenes Monday.

Rehnquist and Powell were nominated last month by President Nixon to fill vacancies on the Supreme Court created by the retirement of Justice John M. Harlan and the late Justice Hugo L. Black.

Rehnquist's nomination has drawn criticism from some civil rights organizations and the liberal Americans for Democratic Action.

But Sen. Birch Bayh, D-Ind., who led the successful fight against Nixon's earlier nominations of Clement F. Haynsworth and G. Harrold Carswell, has conceded a majority of the 16-member Judiciary Committee supports Rehnquist.

Thinks Body May Be Linked to Gang Killings

FAYETTEVILLE, Ark. (AP) — Sheriff Bill Long of Washington County said Thursday the unidentified body of a man found near the Oklahoma state line Tuesday may be linked to gangland-type crime and killings in East Oklahoma in recent months.

Long said the victim's finger prints were sent to the FBI laboratory in Washington. The sheriff said he expected the body would be identified today.

All Around Town

Sergeant Johnnie D. Douglas, son of Mr. and Mrs. Oscar L. Douglas of 307 West Second St., Prescott, is a member of the Aerospace Cartographic Geodetic Service (ACGS) which has the unique job of measuring and photographing the earth.... Sgt. Chairman Haskell Jones urges every citizen to give blood so the 200 pint quota can be filled.

WASHINGTON (AP) — Unemployment dropped by 0.2 per cent to 5.8 per cent of the work force last month for the second decline in a row, the government said today.

The total number of jobholders rose to a record 79.8 million and the number of jobseekers fell 270,000 to 4.6 million, the Labor Department's Bureau of Labor Statistics reported.

The number of unemployed persons normally declines somewhat in October, but the BLS said last month's drop was 135,000 more than might be expected from seasonal causes alone.

The unemployment rate has wavered between 5.6 per cent and 6.2 per cent for the last 12 months.

It was 5.8 per cent in July, 6.1 per cent in August and 6.0 per cent in September. The October 1970 rate was 5.5 per cent.

The BLS attributed the September decline in total unemployment to a reduction in adult males who had lost their jobs earlier. The rate for adult men declined from 4.5 per cent in September to 4.3 per cent last month, and the rate for married men dropped from 3.3 per cent to 3.0 per cent—the lowest in a year, the BLS said.

The rate for adult women dropped 0.1 per cent to 5.5 per cent and the rate for teenagers edged down to 17.0 per cent.

The rate for blue-collar workers dropped dramatically from 8.0 per cent to 7.2 per cent, but for white-collar workers it edged up from 3.3 per cent to 3.4 per cent.

The rate for whites slipped down from 5.4 per cent to 5.3 per cent last month, but the rate for blacks and other non-whites edged up from 10.5 per cent to 10.7 per cent.

The BLS said the average work week for 71.4 million rank-and-file workers jumped four-tenths of an hour to a seasonally adjusted figure of 37.1 hours.

Average weekly earnings of rank-and-file workers were little changed at \$129.11, the BLS said.

The bureau said that the job situation for Vietnam veterans, 20 to 29 years old, was better last month than it had been all year—despite a continuing high discharge rate from the military. The BLS said 270,000 of this group was out of work last month, 50,000 fewer than September. The BLS said this was the first time in nearly a year that their unemployment was below 300,000.

The veterans employment rate figures to 7.0 per cent for October, down from 8.3 per cent the month before.

Murder Suspect Apprehended at Hughes

HUGHES, Ark. (AP) — A Lawrence, Kan. man was being held here Thursday night in connection with the death of his 11-year-old cousin.

Drury Honeycutt was arrested Wednesday by State Police and St. Francis County officers. Authorities said Kansas officials were to return Honeycutt to Lawrence today.

The body of Ivy Honeycutt, missing from her home at Lawrence since last Friday, was found in a wooded area of Kansas City Thursday.

The Douglas County Sheriff's Office at Lawrence said a kidnapping charge had been filed against Honeycutt. Authorities said he waived extradition to Kansas Thursday.

A pickup order for Honeycutt was issued after his car was found in Kansas City Monday. A police helicopter crew, taking part in the search for the girl, spotted her yellow dress in a wooded area between Kansas 32 and the Kansas Turnpike.

S. Vietnam Casualties Are Heavy

By GEORGE ESPER
Associated Press Writer
SAIGON (AP) — Heavy South Vietnamese casualties were reported today in a Mekong Delta ambush, with 25 per cent of a company of about 100 militiamen put out of action.

A delayed report from the field said the Viet Cong hit the militia company Wednesday on the Ca Mau peninsula, 125 miles southwest of Saigon.

Seventeen of the militiamen were killed, five were wounded and four are missing, the report said.

Enemy losses were not known.

Elsewhere on the battlefields a lull in major action continued.

The South Vietnamese Command reported five small clashes in which 46 enemy soldiers and one government man were killed and seven government troops wounded.

Associated Press correspondent Robin Mannon reported from Phnom Penh that Cambodian troops fought to within 500 yards of the beleaguered town of Rumlong, on the northeastern front, where Communist forces launched a counter-offensive 10 days ago.

In Saigon, Defense Secretary Melvin R. Laird met with President Nguyen Van Thieu and presumably assured him that South Vietnam will continue to get U.S. economic aid despite the Senate's rejection of the foreign aid bill last week.

No information was immediately available on what Laird and Thieu said to each other. But the secretary on his arrival Wednesday night said he would tell Thieu that President Nixon "understands fully the need and the necessity of the economic aid program as we move forward with the Vietnamization program."

Laird said the "stability of the economy and the progress economically in Vietnam is a very important part of the internal security program ... I am confident that Congress, after reflecting and after listening to further testimony, will move forward and fund these programs at an adequate level."

The secretary was accompanied to the meeting by U.S. Ambassador Ellsworth Bunker and Gen. Creighton W. Abrams, commander of U.S. forces in Vietnam. Thieu's aides present included Vice President Tran Van Huong, Premier Tran Thien Khiem and Gen. Cao Van Vien, chairman of the joint general staff.

Ark. Democrat Sued For Libel

LITTLE ROCK (AP) — Emprise Corp. of Buffalo, N.Y., the major stockholder in Southland Racing Corp. of West Memphis, has filed a \$10 million libel suit against the Arkansas Democrat.

Alston Jennings of Little Rock, attorney for Emprise, filed the suit Thursday in U.S. District Court at Little Rock. Jennings said the suit was based on editorials that appeared in the Democrat Oct. 8 and Nov. 1.

Doctor Forms Political Group

HOT SPRINGS, Ark. (AP) — Dr. John P. Hoffman, 51, a Hot Springs optometrist, has organized a "concerned citizens" group within the Garland County Democratic party because he believes the regular party structure doesn't care enough about the quality of government.

The organization is called Concerned Citizens of Garland County and came into existence about eight months ago, Hoffman said. He declined to divulge the size of its membership or to identify any of the members by name. He said the organization would supply candidates for political office, and will support other candidates acceptable to the group.

Chief Justice Asked to Halt Blast

By BILL KOSMAN
Associated Press Writer
WASHINGTON (AP) — While final preparations were being made for a huge nuclear test at Amchitka Island, environmental groups today pinned their hopes of halting the blast on a promised early decision by Chief Justice Warren E. Burger.

The Atomic Energy Commission plans to set off the five-megaton explosion at 5 p.m. EST Saturday, 6,000 feet under the island off the Alaskan coast. The blast will test the hydrogen-bomb warhead of the Spartan antiballistic missile.

Conservation groups opposed to the test, code-named Cannikin, took their plea to Burger Thursday after losing two lower-court attempts to have the test stopped. A high court spokesman said a ruling could be expected today.

Conservationists have cited what they called environmental hazards of the test—the possibility of earthquakes, tidal waves and radiation. The test would be 250 times larger than the blast that leveled Hiroshima and the largest explosion yet set off in the Western world.

The White House Thursday said a careful study of the environmental risks had been made and a decision to proceed was made in the interests of national defense and security.

The appeal to Burger was filed by the Committee for Nuclear Responsibility, one of seven groups opposed to the test, asking that the test be halted, pending a hearing by the full court.

The appeal cited a Court of Appeals ruling that "substantial questions" exist on whether the government complied with the National Environmental Policy Act of 1969, "and whether, accordingly, the action is lawful."

The appeal said the Court of Appeals determined there was not enough time for a "judicial resolution" of the matter. "The result is to permit the carrying out of a federal action whose effect on the environment may be among the most significant in all man's history," the appeal said.

A spokesman for the conservation group had said that if Burger turned down the request without referring it to the full court, group lawyers could then appeal directly to other individual judges.

While 100 members of Canada's Parliament, members of Congress and others protested the test, the White House called the test necessary.

Presidential press secretary Ronald L. Ziegler said Thursday "a most careful study was given to all aspects including potential environmental risks." Nevertheless, he said, it was decided to proceed with the test because of the overriding interests of national defense and security.

Meyer's Bakery Customers Tour in Switzerland

LITTLE ROCK (AP)—Archie Schaffer III, an aide to Gov. Dale Bumpers, is vacationing in Switzerland along with another governor's office employee and a state department head on a promotional tour arranged by Meyer's Bakeries for its customers.

Schaffer, nephew of the governor, left Monday with Dr. Max Milam, director of the Department of Finance and Administration, and Mrs. Bequita Huggins, who is Bumpers' cousin and a receptionist in the governor's office.

Schaffer's wife and parents, Mr. and Mrs. A. R. Schaffer of Charleston, also are in the party.

Charles Meyer III, vice president of marketing for Meyer's, said 174 persons from throughout the United States were on the tour, arranged as a prize in a contest for customers of the firm's Hope and Blytheville plants. Seats on the chartered airplane that were not taken by customers were offered to "local guests," he said. He did not name the other guests.

Bumpers said the Schaffers, Milam and Mrs. Huggins were paying for the trip, but at reduced rates. He said he understood their roundtrip fare between New York and Geneva was \$200 per person.

Peace in Middle East in 1972 Is Vital to Egypt

By C.C. MINICLIER
Associated Press Writer
CAIRO (AP) — Although President Anwar Sadat has repeatedly declared that 1971 will be a year of decision—peace or war in the Middle East—his nonmilitary planners are banking on peace.

Peace is vital to Egypt's internal development, foreign investment, oil production and tourism, while war is a heavy drain on a country which already devotes one quarter of its budget to defense.

All four nonmilitary areas have received substantial encouragement in recent months in the form of higher wages, bonuses for workers, a liberalized investment law, increasing oil production and expanding plans for tourism. This week the government announced it is reviewing a \$2.3 billion plan to vitalize agriculture, pushing back the encroaching desert from previously reclaimed lands.

Sadat's 10-year plan, being unveiled in stages, envisages doubling the national income. He rejected a wage freeze last summer, reportedly saying it

was "necessary to strike a balance between the needs of the coming battle and the essential necessities of man." Wage increases followed.

Egypt proved several years ago it could get along without U.S. foreign aid, and is now embarked on a wide-scale effort to attract others to invest in Egypt's future.

In 1966 Egypt and the United States signed an agreement providing Egypt with \$5 million worth of foodstuffs, including 750,000 tons of wheat and 20,000 tons of vegetable oil. But when Egypt broke relations with Washington in June 1967, the food and millions of dollars in aid were cut off.

Last year Egypt began buying most of her wheat—a dietary staple—from Australia,

which is expected to ship 1.75 million tons to Egypt this budget year, at a cost to Egypt of more than \$100 million.

By drastically revising the agricultural sector, and cutting peasant land rentals by as much as 25 per cent, the government hopes to grow more of its own wheat and increase agricultural exports, which are expected to total \$476 million in the current budget year.

Egypt is opening the door again to the United States and Britain. Within the last few weeks it has agreed to repay a postwar debt to the United States of \$140 million and to pay Britain nearly \$5 million for properties confiscated in 1952 and 1956.

Six weeks ago Sadat issued a decree liberalizing investment laws.

An international bank for foreign trade, with starting capital of \$23 million exempt from taxes and duties, is being set up to assist foreign investors and finance Egypt's growing export trade. The Arab oil states will be given priority, but the opportunity is open to all.

Believes Ark. Property Tax System Illegal

LITTLE ROCK (AP) — A member of the Governor's Commission to Study the Site Index System of Assessing Farm, Pasture and Timber Lands joined the growing list of officials Thursday who believe that the state's real property and personal tax policies are "probably illegal."

William R. Meeks Jr. made his observation in a report to Richard W. Longing, director of the State Department of Commerce.

Meeks said it was evident that the property tax laws were not administered and enforced equally.

Meeks said he had found that most newer residential and commercial properties were generally assessed at 20 per cent of market value, while industrial and rural properties were generally assessed at less than 20 per cent of value. Older commercial properties vary greatly, either up or down, from 20 per cent of the market value, he said.

Warm Weather to Return Temporarily

By THE ASSOCIATED PRESS
A brief warming trend is expected in Arkansas before cold Canadian air moves into the state Saturday and Sunday night.

The high pressure ridge of cool air that produced frost and freezing temperatures in many sections of the state Thursday morning has moved eastward and warmer air is spreading northward across the state this morning.

Increasing southerly winds should raise temperatures this afternoon into the 70s. Some increase in cloudiness is expected by late tonight, but no precipitation is forecast through Saturday.

Obituaries U.S., Russia in \$136 Million Grain Deal

MRS. LYDIE B. GREENE
Mrs. Lydia B. Greene, 74, of Gainesville, Fla., died October 30. She was a native of Arkansas and former resident of Hope. She was a member of First United Methodist Church, the administration board of the church, American Legion Auxiliary, World War 1 Auxiliary No. 3248 and a member of the Eight-and-Forty Club.

Survivors include a daughter, Mrs. Virginia I. Beal of Gainesville; two sons, Harold N. Stringer of Gainesville and Col. James K. Stringer of Indianapolis, Ind.; a sister, Mrs. Mary Gallely of Mineral Springs; two brothers, Olie Baber of Benton and Dewey Baber of Hope.

Ann Pennington
NEW YORK (AP) — Ann Pennington, 77, Broadway dancer who introduced the "Black Bottom" during the Roaring Twenties, died Thursday after a long illness.

Al Ackerman
CINCINNATI (AP) — Al Ackerman, 90, who billed himself as the "World's Oldest Clown," died Wednesday after a 76-year circus career.

NEW YORK (AP) — Edith W. Bancroft, 66, well-known Long Island horsewoman and widow of textile executive Thomas M. Bancroft, died Thursday after a long illness. Her thoroughbred racing stable included Damascus, 1967 Horse of the Year.

Vernon M. Bushman
GREEN BAY, Wis. (AP) — Vernon M. Bushman, 66, president of the Ahnapee and Western Railway, died Thursday. He was one of the prime movers in the founding of the National Railway Museum in Green Bay.

Dr. Guillermo Leon Valencia
NEW YORK (AP) — Dr. Guillermo Leon Valencia, 62, president of Colombia from 1962 to 1966, died Thursday night of a heart attack after being stricken while walking along a street.

Rockefeller said he was not encouraged that Smithsonian officials would take an active leading role in the establishment of the center.

By FRANCES LEWINE
Associated Press Writer
WASHINGTON (AP)—Administration sources disclosed today that arrangements have been made for a \$136-million sale of American feed grains to the Soviet Union. U.S. labor union leaders have given their assurance that they will load the ships despite a previous ban on such shipments to Communist nations, the sources said.

The sale, expected to have an important impact on Midwest farm states in need of new markets, is being arranged through Continental Grain Co. and Cargill Inc., the administration sources said.

It is to be an all-cash deal with payment in U.S. dollars, a factor that will have an important effect on U.S. balance of payment problems.

According to the official sources, the deal will involve 2 million tons of corn, 600,000 tons of barley and 300,000 tons of oats.

In contrast to previous requirements, vessels of any origin offering competitive shipment rates will be eligible to carry this grain and any future business which may develop, the sources said.

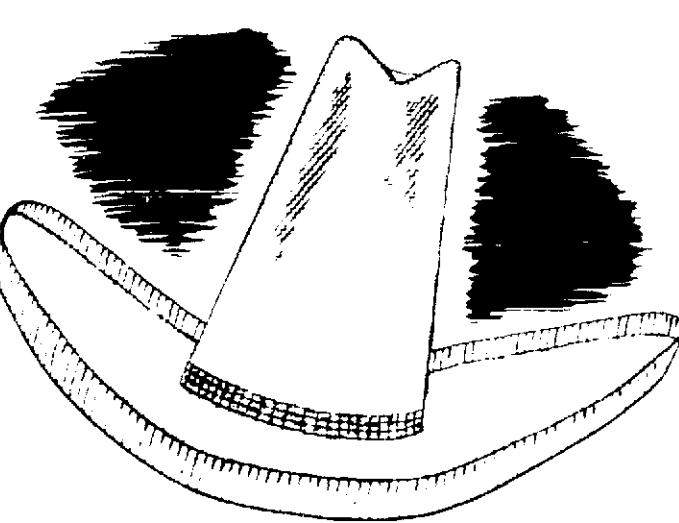

WR Discouraged Over Plans for Cultural Center

LITTLE ROCK (AP) — Former Gov. Winthrop Rockefeller said Thursday that officials of the Smithsonian Institution had indicated that Arkansas officials would have to take the leading role in establishment of a proposed Mid-America Center at Hot Springs.

Rockefeller said he was not encouraged that Smithsonian officials would take an active leading role in the establishment of the center.

It has been hoped that the Smithsonian would assume the operations of the proposed center.

Calendar of Events

Friday, November 5

The Garland PTA will have a Chili Supper on November 5 from 5 to 7 p.m. at the Hope High School cafeteria immediately preceding the Hope-Nashville football game. Chili and crackers, coffee, tea or milk, and dessert will be served. Tickets are \$1.50 for adults and 75 cents for children under 12.

Saturday, November 6

A Shrimp Boil will be held at the Hope Country Club Saturday, November 6 at 7 p.m. Reservations must be made by Friday, November 5 by calling 777-4295.

Sunday, November 7

A Mixed Golf Tournament will be held at the Hope Country Club Sunday, November 7 at 3 p.m. Supper will be served at the conclusion of play. Hosts: Mr. and Mrs. Henry Fenwick and Mr. and Mrs. Albert Bray.

The Pat Bates Singers will be the guests of the state singing convention held in the First Christian Church in Atlanta, Texas on Sunday, November 7, at 1 p.m.

Monday, November 8

The Baker's Extension Homemakers Club will meet Monday, November 8, at 7:15 in the home of Mrs. Ardelle Clark.

The Diabetic Club will meet Monday, November 8, at 2 p.m. at the Douglas Building, 720 Texas Street. The object of this club is to associate its members in study and in efforts to encourage other diabetics.

Tuesday, November 9

Presbyterian Women of the Church will meet Tuesday, November 9 as follows: Circle 1, 10 a.m., Fellowship Hall; Circle 2, 10 a.m., home of Mrs. Robert Wilson; Circle 3, 10 a.m., home of Mrs. James Pilkinton; Circle 4, 7:30 p.m., home of Mrs. Haskell Jones.

Chapter AE, P.E.O., will meet Tuesday, November 9 at 2 p.m. in the home of Mrs. Herbert Stephens with Mrs. Harold Stephens, co-hostess.

Wednesday, November 10

The John Cain Chapter, DAR, will meet Wednesday, November 10 at 12 noon in the Town and Country. Mrs. E.F. Formby will have the program on National Defense. Hostesses are Mrs. Roy Stephenson, Mrs. G.E. Tyler and Mrs. C.E. Taylor.

Saturday, November 13

Beryl Henry PTA will sponsor a Bake Goods Sale Saturday, November 13, at 9:30 a.m. in front of Roy Anderson Ins. Co. Anyone having a record player or electric clock they wish to donate to PTA, please call 777-4236.

Scout Group Meets

Leaders in Boy Scout Troop 92 discussed the purchase of a Scout Bus at a meeting in the home of Jim Gary on November 3. Under the direction of Scoutmaster Harold Sisson the group of seven weighed the matter carefully. During the evening Mrs. Gary served pie and coffee.

GOP Women Meet

When the Hempstead County Republican Women's Club met Tuesday, November 2 in the home of Mrs. Clarence Geist, a local member, Mrs. Jim Pruden, who is also the state president, reported on a trip October 20-24 to Washington, D.C., for the 16th biennial convention of the National Federation of Republican Women.

"The Spirit of '76" was the theme of the national meeting, and Mrs. Pruden told of many interesting phases of her trip: a tour of the White House under the direction of Mrs. Nixon; a speech by President Nixon; and the Keynote Address by Mrs. George Romney.

At the local meeting the vice-president, Mrs. Paul Rawson, was the presiding officer for the routine business conducted. Dessert was served with coffee or cold drinks to 10.

HELEN HELP US!

by Helen Bottel

PARKING LOTS HAZARDOUS TO SMALL CHILDREN

Dear Helen:

Please ask your readers not to let small children run behind parked cars in parking lots. So often mothers, coming out of supermarkets with loaded carts, don't watch their children carefully. It is especially hazardous when they are so small they can't be seen over the trunk of the car.

Recently for the third time I hit a child while backing my car out of a parking lot. He had dashed ahead of his mother. Luckily my back wheels passed over his leg and, children's bones being flexible, he came out of it with only a bruise.

The two other children weren't badly hurt, either-but they could have been killed. The way drivers sometimes whiz around lots and don't stick to regular exits or entrances, I'm surprised there aren't more accidents.

I'm not careless, but kids can be where you don't expect them in seconds, and be totally hidden from the driver's view.

Maybe if you print this letter it will save a lot of misery. STILL HAVING NIGHTMARES Dear SHM:

Parents should be constantly aware that parking lots are hazardous to small living things but, because a few children will always break away, I'd suggest that drivers not only double-check the area but also honk their horns before backing out.

NOTE TO MANUFACTURERS: Why don't you invent a relay mirror system which would show low objects behind cars? It could save people from backing into ditches, rocks, curbs-as well as kids. —H.

Dear Helen: I lost something that was very valuable. Could you please put me in touch with a medium who would tell me where it is? —H.W.

Sorry, I don't know any mediums. Moreover, I consider "seers" mostly guessers, and think you'd have more luck finding the lost object if you searched your own memory. —H.

Dear Helen: I have one question to ask Joseph, who downed lone women going into bars in hot pants: If HE walked into a bar in shorts would that mean women could harass or proposition him, or stare and snicker, or assume he

Television and Radio

By CYNTHIA LOWRY
AP Television-Radio Writer
NEW YORK (AP) — During the past quarter of a century, network television has developed its own institutions, and one of them for westerns is the Big Poker Game.

It is an annual event on most of them, so ABC's "Alias Smith and Jones" went to work on poker Thursday night. As TV poker games go, this one was a washout, in spite of the \$112,000 stakes and presence of one of the former Maverick brothers.

Older viewers remember that "Maverick" specialized in poker, but usually with some interesting, light switch. "Alias Smith and Jones" started on a bright, light note last season, but has become ham-handed this year. Thursday night's poker game was done so poorly that the only way the viewer could identify the winner was to watch who grabbed for the pot.

Jack Kelly, busy recently hosting a daytime game show, was back at the card table. It has been a long time since he was playing one of the jaunty Maverick brothers and his hand has obviously lost its skill. Playing a disreputable cowtown doctor, he was the heavy loser.

Kelly's former acting partner in "Maverick," James Garner, is not faring much better in his NBC series, also on view Thursday. The script of his show also involved gambling, but this time it was baseball and pretty much of a bore.

Garner's new series, a big disappointment, has recently been given a tonic to try to help its ratings: NBC changed its name from "Nichols" to "James Garner as Nichols" in the hope that the star's name would attract viewers who have been passing it by.

As a comedy, it doesn't work well. The humor is forced and broad, the characters burlesques. Garner, who handles light comedy deftly in theatrical films, is so bereft of good

COMEDIAN ALAN King isn't laughing at variety shows these days. He says they have become "incestuous," with hosts trading guests shots so often they don't leave any room for free lancers—such as Alan King.

HARDLY AN INCOME JOHANNESBURG, South Africa (AP) — Research by the South African Institute of Race Relations says \$90.20 is the minimum monthly income for a non-white family of five in the Johannesburg area.

This poverty line does not make allowances "for the purchase of furniture and household goods, doctors' and chemists' bills, education of children, or the purchase of books or stationery," the report said, but even at this level blacks are expected to pay tax.

material that he comes over as a bit of a boob.

The big scene in the most recent episode was the baseball game which had a lot of money riding on the outcome. It was awkwardly, even amateurishly, patched together.

CBS is likely to do considerable program switching on its Thursday night schedule after the first of the year. "Bearcats" is a weak show made even weaker by the competition from NBC's popular Flip Wilson and is almost certain to disappear soon.

Possible candidates for the "Bearcats" spot are a new Don Rickles series and something called "My Chimp and I."

Rice Comes in on a Win Streak

LITTLE ROCK (AP) — For the first time since 1963, Rice enters the Arkansas game on a winning note.

In 1963, the Owls edged the Razorbacks 7-0.

The Owls, who defeated Texas Tech 9-7 last week, take on Arkansas Saturday at Houston, Tex.

"We're beginning to get a little confidence," says Rice Coach Bill Peterson.

The Razorbacks must defeat the Owls to remain in the Southwest Conference race.

Arkansas could have taken over sole possession of first place in the SWC last Saturday night at Little Rock, but was unable to move the ball on the ground and dropped a 17-9 decision to Texas A&M.

The loss left Arkansas and Texas at 3-1 in conference play and SMU and TCU at 2-1.

The Razorbacks are certain to strive for better balance against the Owls than they achieved against the Aggies — 345 yards passing, 50 yards rushing. Rice ranks last in the conference in total defense. Arkansas is first.

However, tailback Jon Richardson is not expected to play against the Owls and tailback Dickey Morton was injured in the A&M game, but Morton is expected to start against the Owls. The only other experienced tailback is Mike Saint.

Quarterback Joe Ferguson cracked school records in the Razorbacks' loss to the Aggies, completing 31 of 51 for 345 yards.

Rice quarterback Philip Wood is second to Ferguson in the conference in passing, but his statistics are not close to Ferguson's. Wood has completed 45 of 106 for 475 yards; Ferguson has 124 of 206 for 1,676 yards.

The Owls' best runner is Stahle Vincent, a former quarterback, who is third in the conference behind Alvin Maxon of SMU and Morton.

The Razorbacks bounced back from the loss to Tulsa. With the SWC title and the Cotton Bowl as prizes, they figure to bounce back again.

ARKANSAS 31, RICE 13.

Arkansas State University must defeat Southwest Louisiana Saturday to remain in the running for a fourth Southland Conference title.

SW Louisiana is 5-2, losing to Louisiana Tech 35-7 and Trinity 20-17. The Indians must stop fullback Reggie Dupree, but they have had an extra week to prepare for him.

ASU 20, SW LOUISIANA 14.

Arkansas Tech is involved in another AIC showdown this week, this one against Ouachita. Both are undefeated in conference play.

Tech has come too far to let

LSU Preparing a Big Welcome for Alabama

By KEN RAPPOPORT

Associated Press Sports Writer

The citizens of Baton Rouge, La., are preparing a welcome for Alabama's football team.

Nothing special, mind you—just the same, old mind-numbing horror that usually accompanies the bitter clash of arch-rivals Louisiana State and Alabama.

The reception committee will turn Tiger Stadium into a vocal circus of horrors, as a crowd of more than 67,000 snarls at the visitors in the Saturday night affair.

Along with the psychological impact of an unfriendly, raucous crowd, there'll also be the sight of Mike III to greet Alabama. He's the LSU mascot—a full-throated tiger kept in a cage on the sidelines.

Alabama leads the series, 20-10, with four ties.

The match between Alabama, the nation's fourth-ranked team, and No. 18 LSU will be nationally televised, (9:30 p.m. EST, on ABC). Four other games of strong tradition will be televised regionally in the afternoon—No. 7 Georgia at Florida; Minnesota at Northwestern; Boston College at Syracuse and No. 20 Washington at

Allen to Keep Kilmer as No. 1 QB

By BOB GREENE

Associated Press Sports Writer

WASHINGTON (AP) — Sonny Jurgensen, the Washington Redskins' No. 1 quarterback until he broke his shoulder in an exhibition game, is expected to be activated today.

To make room for the 37-year-old signal-caller on the Redskins' roster, back-up quarterback Sam Wyche will be placed on the move list.

Although Jurgensen will be in uniform for Sunday's National Football League clash between the Redskins and the Philadelphia Eagles, Coach George Allen emphasized Bill Kilmer is still his No. 1 quarterback.

"He's done a great job," Allen said of Kilmer, who was obtained from the New Orleans Saints to be Jurgensen's reserve.

"I'm not a two-quarterback man," Allen said. "We go with one quarterback, one center, one linebacker, one right tackle. I don't believe in shoving people all around."

Allen had been piqued all week whenever someone asked him if Jurgensen would be activated. "I'll activate him when I think he's ready," he said repeatedly.

Jurgensen came to the Redskins in 1964 in a trade that sent quarterback Norm Snead and Claude Crabb to the Philadelphia Eagles. In 1966, he was runner-up to Bart Starr for the National Football League passing title, winning the laurels the following year.

In 1969, he won the passing championship again, completing 274 passes in 442 attempts for 3,102 yards and 22 touchdowns. He is the only passer ever to gain more than 3,000 yards in a season five times.

Jurgensen has spent seven weeks on the move list, the maximum allowed under league rules. If Allen decides to put him on the list again, Jurgensen will miss a minimum of two more weeks.

Emphasizing Kilmer would continue to start, Allen said the addition of Jurgensen to the squad "should make us strong."

The coach, alluding to the quarterback troubles at Dallas and Baltimore, said, "there's going to be no problems" with Jurgensen in a back-up role.

The veteran quarterback went through his first full-scale workout with the team Wednesday, hitting both short and long passes with accuracy.

Orioles Still Undefeated in Jap Tour

NIIGATA, Japan (AP) — Mike Cuellar, left-handed pitcher and one of the Baltimore Orioles' 20-game winners this season, lost his touch after two triumphs in Japan as the Orioles were held to a 10-inning 4-4 tie against Tokyo's Yomiuri Giants today.

It was the second time the two teams played a tie-game that was called at the end of the 10th. The Orioles in their 18-game post-season goodwill tour have so far won seven games, four against the Giants and three against a selection of Japanese all-stars. They are undefeated.

Edinboro S. Leads NAIA Statistics

KANSAS CITY (AP) — Edinboro State of Pennsylvania and Savannah State of Georgia, both Division II schools, each leads two football statistical departments of the National Association of Intercollegiate Athletics.

Edinboro continues to set the pace in total offense and rushing. The Pennsylvania team has run a total of 440 plays for 3,269 yards and a game average of 467 yards in total offense.

In rushing, Edinboro has averaged 345 times for 2,405 yards and a 343.6-yard game average. U.S. International of San Diego is out front in passing, having completed 109 of 200 passes for 1,690 yards or a game average of 241.4 yards.

Savannah tops the field in both total defense and pass defense.

Winning Rider Was Once Afraid of Horses

NEW YORK (AP) — For a bloke who used to be afraid of horses, Rod Jenkins has been doing all right for the past nine years.

"When I was a small boy, I couldn't go near a horse," Jenkins, one of the leading professional riders in the country, said today. "When I was 10, I was persuaded to try an old horse."

"I rode him for a year—I think his name was Whirly—and after a while, I noticed my fear had disappeared. I've been at it since."

Nine years ago, Jenkins, a 27-year-old professional from Orange, Va., decided to go professional. Since then, he's been perhaps the most successful rider in the business.

In the past month, he has won the leading rider title at the Philadelphia, Pennsylvania National and Washington International shows. He's ahead at the National Horse Show in Madison Square Garden.

Idle Dice, owned by Mr. and Mrs. Harry Gill of Collegeville, Pa., and Main Spring, sent in by the Hunting Woods Farm of Burlington, Wis., finished in a tie for the puissance (high jumping) class Wednesday night.

Each cleared 7 feet and since Jenkins was the rider of both, it was declared a tie.

It marked the first time in the 88-year history of the National that the open and international jumpers have been thrown together in one class and the crowd of about 10,000 enjoyed it.

Tohill Gets Nod as TCU Head Coach

FORT WORTH, Tex. (AP) — Billy Tohill, named head football coach Thursday at Texas Christian University, is a lot like Jim Pittman, the man he succeeded—a dedicated athlete almost from the cradle.

Both came from small Mississippi towns—Pittman from Boyle and Billy from Batesville. Both played at Mississippi State.

"I started out playing peewee football," Tohill said, "then went up through high school. There weren't many kids in our high school, so you played all sports."

The others were basketball, baseball and track. Billy doesn't follow the pattern of the lithe, super track star. Neither is he so bulging with muscle that he can't tie his shoes.

"I wasn't fast enough to be a sprinter, and I didn't have the endurance to be a distance man," he said. "If somebody got hurt, I did what he was doing."

The school-boy All-American lists recognized Tohill when he was doubling at quarterback and fullback at Batesville High.

He recalled, "The proudest time of my life in sports was in the early stages. I was in the sixth grade and they let the junior varsity dress out with the high school boys. They sent me in at the end of the game, and I carried one time for six yards and a touchdown against Crowder."

"I was proud when we (Tulane) won the Liberty Bowl against Colorado. Nobody thought we could win except the coaches and players."

Tohill was on Pittman's staff at Tulane and moved to TCU when Pittman, who died during a game last Saturday, became the Horned Frogs' coach last December.

At 32 Tohill is one of the youngest head coaches in major college ranks. He's ready.

"The saddest day of my life," Billy said, "was when I realized Pitt wouldn't be back. Six years with Pitt seemed like eternity to me. An eternity of fellowship."

"I can't measure how much I learned under Pitt, and what it meant to work for a man like him," Billy said. "I have said how he influenced me with his discipline, fairness and respect for other people. Most of all, how he handled people and got along with them."

"We had a close relationship, not just the staff, but our families. Our families are close on this staff. Everything's fine when you win. But when you're losing—and we lost some at Tulane—you need a close-knit organization. All for one and one for all. There's no offense losing or defense losing. What we do, we do together."

That's Billy Tohill, head coach, talking.

Retires After 13 Years With LA Lakers

LOS ANGELES (AP) — Elgin Baylor has pulled down the curtain on his epic playing career in the National Basketball Association, all 13 years in the colors of the Los Angeles Lakers.

Baylor, 37, and the team captain, said Thursday he was retiring as "an active player" but will remain with the Lakers another three years in "scouting and public relations activities."

Jack Kent Cooke, owner of the Los Angeles club, said Baylor's No. 22 jersey will be retired forever.

During his professional career after graduation from Seattle University as an All-American, Baylor played in 846 games, scoring 23,149 points. He is the third highest scorer in NBA history.

The 6-foot-5 forward was sidelined most of last year with a pulled Achilles tendon and had played in nine games this season, averaging 11.8 points per game.

"I had hoped to end my career after one last, successful season," Baylor said.

"Out of fairness to the Lakers and to myself, I have always wanted to perform on the court up to the level and up to the standards that I have established throughout my career."

"I do not want to prolong my career at a time when I cannot maintain these standards."

BOWLING IS a sport that brings out the emotions in a man but this is getting ridiculous. These two bowlers can be excused their melodramatics, though. Both of them, veteran comedian Gil Lamb, left, and actor Joey Faye, are members of the Broadway Show League in New York.

Hope-Nashville Rivalry Goes Back Many Years

By BILL MOORE

Star Sports Writer

Exactly what does the game tonight between the Hope Bobcats and the Nashville Scrappers mean? Nothing—that is far as championship stakes that could be on the line.

With the game being a non-conference tilt, it will have no effect on the district standings in either 7A or 7AA. Nashville still has the best chance to wind up the 7A representative to the state playoffs while the Bobcats, who

are already out of the title race, know always about the kind of rough and tough game for victory this one always is.

Two Bobcats, David Huddleston and Harold Collins, could see limited action with shoulder and arm injuries, while the Scrappers are expected to have everyone healthy for the game.

Tonight's action could be considered by some as one of the biggest rivalries around the area with Nashville last winning in 1967 by a score of 27-13. Hope took last year's game by an overwhelming 35-8 trouncing.

As for the season finale, it will be the last football game at Hope High School for 16 senior Bobcats and the senior cheerleaders. With a victory tonight the Seniors could leave Hope High School with an impressive 25-8 record, covering three years. And none likes to go out a loser!

Nashville does have a good team—but the Bobcats never like

to end the season on the losing side. Hope 20, Nashville 12.

Rice, Porker Coaches Believe in Confidence

By HARRY KING

Associated Press Writer

LITTLE ROCK, Ark. (AP) — Confidence equals emotion equals good football.

This theory is espoused by both Rice Coach Bill Patterson and Arkansas Coach Drank Broyles.

Rice gained confidence last week in a 9-7 victory over Texas Tech. Arkansas lost its confidence against Texas A&M last Saturday night and dropped a 17-9 decision to Aggies.

Arkansas and Rice meet Saturday afternoon at Houston, Tex., with the Razorbacks battling to stay in the Southwest Conference race. Arkansas and Texas are 3-1 in the conference play. TCU and SMU are 2-1.

"We're beginning to get a little confidence and that's what you must have," Peterson says. "You can't play with emotion without confidence and football is a game of emotion."

The Razorbacks netted only 50 yards rushing in 32 tries against the Aggies.

"They controlled our offensive line to the point where we became discouraged and that's a bad situation," Broyles said. "Not having success hurt the confidence."

"We had some busted assign-

ments in our offensive line and probably gave up a little bit early on our running game," Broyles said. "When you're passing all the time it makes the offensive line think they've given up on them and they don't block as well."

Broyles is hoping quarterback Joe Ferguson won't have to throw 51 times as he did against A&M. Ferguson, who leads the SWC in total offense and passing, set school records by completing 31 for 345 yards.

Rice quarterback Philip Wood is second to Ferguson in passing, but Ferguson has thrown twice as many passes for three times as much yardage.

"Wood has got the ability to run and throw," Broyles said. "He hurt us with his running last year when they went ahead 14-3."

Arkansas rallied to win 38-14. Broyles says the Owls appear to be improving every week.

"They are like any other team with a new coach and tough early schedule," he said. "They're learning the system and it takes a while."

Rice's nonconference schedule includes Houston, Southern California, Tulane and LSU. The Owls beat Tulane and lost the other three.

The Razorbacks opened with victories over California and Oklahoma State and then were upset by Tulsa. They came back the next week to thrash TCU 49-15. Arkansas then beat Baylor, Texas and North Texas State before losing to A&M.

Arkansas, under Broyles, is 11-2 against Rice and has not lost to the Owls since 1963. And that was the last time Rice had won the week prior to the Arkansas game.

Solunar Tables

The schedule of Solunar Periods, as printed below, has been taken from Richard Alden Knight's SOLUNAR TABLES. Plan your days so that you will be fishing in good territory or hunting in good cover during these times, if you wish to find the best sport that each day has to offer.

Date	Nov.	Day	A.M.	Minor	Major	P.M.	Minor	Major
5	Friday		6:10	12:45		6:55	1:15	
6	Saturday		7:15	1:50		8:00	2:15	
7	Sunday		8:20	2:55		9:05	3:15

Danny Rhodes Grows With Each Game

FAYETTEVILLE, Ark. (AP) — Early in the season, most observers agreed that for the Arkansas defense to be effective some of the younger squad members would have to grow-up in a hurry.

The defense has allowed only three touchdowns to be scored in any one game, and this has happened only twice. The defense has matured.

One sophomore who has grown with each game is Danny Rhodes.

But that should have been expected. Rhodes drew comments like, "great potential, should be one of the better linebackers to come through the program," from the Razorback coaches before the season began.

And since the first game, he has lived up to his advance billing. He currently leads the defense in tackles with 52 and assists with 34. But one of the qualities of the 215-pounder that most impresses his coaches is his leadership.

Coach Frank Broyles says Rhodes is "just doing an excellent job for us."

Rhodes is responsible for calling the signals in the Hogs defensive huddle.

"Danny checks the defensive moves," Broyles said. "He is responsible for calling our left or right shifts on the defense, he handles himself with authority and confidence."

Handling the defense is nothing new for Rhodes. In high school, he received All-America honors for his defensive signaling, and this experience has carried over to his collegiate career.

Rhodes prefers to minimize his role as defensive field general. "You don't have to lead anybody who wants to do the same thing as you do," he said. He also is earning a reputation as an aggressive hitter.

"He reminds me a lot of No. 60 we had around here," said Texas assistant coach Willie Zapalaz, who was comparing Rhodes to former Longhorn All-American Tommy Nobis.

LONG-RUN ROLE of Teyve, the many-daughtered milkman of "Fiddler on the Roof," is being filled by Israeli-born Chaim Topol for the movie of the supersuccessful musical being filmed in Yugoslavia. Topol, who also starred in the London stage production, was a printer, soldier and mechanic before turning to acting.

Action in Grade School Football

Results of Tuesday night's action at Legion Field: James Motor Co. defeated Hope Auto 18 to 6. Britt Henry was the leading scorer for James Motor Co. with 10 points while D. LaGrone scored 6 points for Hope Auto. In the second game Young Chevrolet took Anderson-Frazier by the score of 13 to 4. Rufus Herndon made 6 points for Young Chevrolet and Anderson-Frazier scored on two safeties.

Final Standings

	W	L
1st - James Motor Co.	6	0
2nd - Hope Auto	4	2
3rd - Young Chevrolet	2	4
4th - Anderson-Frazier	0	6

Russell Has Not Lost Scoring Touch

By THE ASSOCIATED PRESS
Cazzie Russell keeps scorching the net for the Golden State Warriors in the National Basketball Association.

The former Michigan All-American sank a 10-foot jumper with five seconds to play that gave the Warriors a 98-96 victory over Seattle Thursday night for their fifth in a row and first place in the Pacific Division.

Cazzie took an inbound pass and cut to the corner to get off his winning shot which capped a Warrior rally that erased a six-point Seattle lead. Russell finished with 19 points, seven of them coming in the closing minutes to follow up his pro career high of 43 against Baltimore Tuesday. Jeff Mullins was high for the Warriors with 22 while Spencer Haywood of Seattle was high for the game with 31.

A three-point play by rookie Sidney Wicks with 15 seconds left gave Portland a 112-110 victory over Houston in the other NBA game scheduled. Pittsburgh beat Utah 135-129.

Late Show Saturday at Saenger Also Sunday and Monday.

Bruce Davidson plays the title role in "Willard"—the story of a young man and his unusual friends.

Calendar Of Events

There will be a fish fry at the home of Inez Monk of 904 Berry Street Saturday at 3 p.m. and this will be followed by a wiener roast at 6 p.m. The event is sponsored by the Junior Choir of the Pentecostal Temple.

and Memphis tripped Indiana 105-94 in the two American Basketball Association games listed.

Wicks, an All-American at UCLA last season, was fouled while making a basket from the corner and sank the free throw. That gave Portland a five-point lead at 111-106 and offset two baskets by Elvin Hayes of the Rockets in the closing seconds. Wicks finished with 31 points, 20 of them in the second half. Hayes led Houston with 28.

By Oswald & James Jacoby

The most freakish hand of the Culbertson-Sims match was held by Dorothy Sims. Culbertson commented that Sims' system failed to show to advantage. Somehow or other they might have been a trifle more enterprising in their bidding.

Culbertson commented that his system would have gotten to the slam but his only suggestion was that South should jump to four spades instead of merely rebidding to three spades.

We doubt if that rebid would have elicited any further action from North. We wonder how modern bidders would get to the easy slam.

One way would be for South to make a fancy rebid after his partner's two no-trump call. Should he rebid three clubs, North would probably go to three diamonds to show a maximum two no-trump response including the diamond ace. South could move to the spade slam after that.

A better way would be for North to forget about the two no-trump response and just respond two clubs. South would jump to four spades and after that North could go into Blackwood. South would forget about his club void and simply bid five diamonds to show one ace, whereupon North would go to the slam.

The hand makes seven if

DR. LAWRENCE E. LAMB

Some Pills Can Cause Impotence

By Lawrence Lamb, M.D.

Dear Dr. Lamb—Would taking sleeping pills and tranquilizers cause a man in his 50s to be impotent?

Dear Reader—It might depend on how tranquil the pills made him. There are a number of medicines that will have this effect, including some medicine used in treating high blood pressure. There are many other causes though. A man with this problem taking a medicine should obviously talk it over with his doctor.

Dear Dr. Lamb—I have a problem which is very embarrassing to me as I work in an office all day. I have gas which I do pass all day long and it's very embarrassing and I don't know just what to do. I do not sit down much so it's not from that. I do eat a lot of fruit and drink a lot of coffee. I have taken medicine but that did not help. Could you please tell me what I can do or take to help me?

Dear Reader—I think you know what one of the problems may be. Stop that coffee drinking and see if that won't solve the problem. Many people have excess gas from using excess coffee. Often what people need to do is correct their living habits, not take more medicine. Don't switch to tea either or use colas. If you just love the taste of coffee, use one of the decaffeinated products. Also, fruit is excellent for the diet but excess

West opens a club—otherwise, six.

♥-CARD Sense-♦

The bidding has been:

West	North	East	South
Pass	2 ♣	Pass	1 ♠
Pass	3 ♣	Pass	3 ♣
Pass	3 N.T.	Pass	4 ♠
Pass	5 ♠	Pass	?

You, South, hold:

♠ A Q 4 ♥ K 6 ♦ A Q 10 8 5 ♣ K 10 9

What do you do now?

A—Bid six diamonds. At worst this contract should depend on a finesse.

TODAY'S QUESTION
Instead of bidding two clubs your partner has responded one spade to your diamond opening. What do you do now?

Answer Tomorrow

The National Report on What's Happening

Rocking Their Way to Success

By ERNESTINE GUGLIELMO

EVERYBODY'S DOING IT—The success of "Jesus Christ Superstar" both in record sales and in boxoffice sales has considerably overshadowed the former smash hit, "Hair." But not to be outdone in the rock religion revival, an album is coming out with "Hair" in church.

RCA is releasing a live recording of a special mass performed earlier this year in the Cathedral of St. John the Divine. Galt MacDermot, composer for "Hair," composed the rock music for the "Mass in F."

As with "Jesus Christ Superstar," the mass was a new interpretation of established religion, including songs from "Hair" plus a rock version of The Lord's Prayer. Members of the play's cast participated in the ceremony, but remained dressed for this performance.

\$1000 PRIZE—If you're involved in a worth-while project, don't forget to let us know. Same goes if you know of someone else deserving of such a grand prize. The NEA/Caravelle Take Time To Get Involved Contest will be choosing as many as 50 winners who will be competing for the big \$1,000 at the end of 1972.

Individual winners will receive Caravelle watches. If a group is cited, they will receive a plaque with a clock for the organization. The person writing in for the group will also get a watch. Only these merit winners will be eligible for the \$1,000 prize.

TALKING TO KIDS—"A junkie never caused freedom for any people," says Bill Cosby. Nor can a junkie do much else. So Bill Cosby tries to attack the problem by educating young people. And he accomplishes this in his best style, through music and comedy.

"Bill Cosby Talks to Kids About Drugs" is an album geared to young people 8-11 years old. The National Council For Education on Drug Abuse recommends the album to parents "as a good educational tool." Cosby tells children in this age group will comprehend the message of his album much more easily than if it were coming from a teacher or parent.

LEGAL NOTICE

COMMISSIONER'S SALE

Notice is given that by virtue of the decree of the Chancery Court of Nevada County, Arkansas, rendered October 4, 1971, in Cause No. 4993 pending therein wherein Bank of Chidester was plaintiff and Don Howell et al were defendants, the undersigned, as Commissioner appointed by said Court, will on December 3, 1971, at 10 A.M. o'clock offer for sale at public outcry to the highest bidder at the front door of the courthouse in Prescott, Arkansas, the following described lands:

TRACT 1

Part of Lots 4 and 5 in Block 21 of the Railroad Survey of the City of Prescott, Nevada County, Arkansas, described as follows: Commence at the Northwest corner of said Lot 4 at the intersection of West Elm and West Second South Streets, and run thence Northeast along West Second South Street for 75 feet, thence run at right angles and across Lot 4 and a part of Lot 5 and parallel with West Elm Street for 75 feet, thence run Southwest and parallel with West Second South Street for 75 feet to West Elm Street, thence run Northwest along West Elm Street for 75 feet to the point of beginning, forming a tract 75 feet square in the northwest corner of, said Block.

TRACT 2

The E 1/2 of SW 1/4 of Section 3, Township 10 South, Range 24 West, less four acres in the form of a parallelogram in the Southwest corner thereof, in Hempstead County, Arkansas, containing 76 acres, more or less.

LEGAL NOTICE

PUBLIC NOTICE

Union Compress Warehouse, a division of Union Service Industries, Inc. operating under the United States Warehouse Act rules and regulations gives notice to the holders of the warehouse receipts listed below that storage and other charges are overdue and payable on the bale represented. Anyone holding any of these receipts should contact Mr. H.W. Wafer, Jr., Superintendent of the Hope, Ark. plant in order to settle the lien for charges due.

4497, 165245, 214363, 256381, 261214, 312436

If the charges are not paid within 30 days following this printed notice the bales will be sold to settle the lien.

QUICK QUIZ

Q—Who was the world's first space traveler?
A—Laika, a small dog, sent aloft in an artificial earth satellite in 1957, by Russian scientists.

Q—Is the Rocky Mountain goat a true goat?
A—No, although it looks like a true goat, it is a closer relative of Europe's chamois.

Q—What marine animal is noteworthy for its inability to walk straight?
A—The sand crab, which runs sideways on the tips of its claws.

SO YOU WANT TO BE

By ERNIE HOOD

Bureau of Labor Statistics projections of growth in the construction trades should provide the answers sought by many of our readers regarding career opportunities.

These projections are based upon assumptions concerning such factors as the international political situation, the direction of government programs, and general economic conditions, all of which are subject to change.

Here are some of the job classifications readers have inquired about—

Asbestos and insulating workers—22,000 in all industries and 15,000 in the construction industry in 1968, with projected growth to 28,000 and 21,000 in 1980, respectively, for growth rate of 27.3 and 14 per cent.

Bricklayers—200,000 in all industries and 175,000 in the construction industry in 1968 and 260,000 and 225,000 in 1980, for growth rates of 30 and 28.6 per cent, respectively.

Carpenters—869,000 in all industries and 670,000 in the construction industry in 1968 and 1,075,000 and 825,000 in 1980, for growth rates of 23.7 and 23.1 per cent, respectively.

Cement masons—60,000 in all industries and 55,000 in the construction industry in 1968 and 90,000 and 85,000 in 1980, for growth rates of 50 and 54.5 per cent, respectively.

Electricians (construction)—190,000 in 1968 and 270,000 in 1980, for growth rate of 42.1 per cent.

Elevator constructors—14,500 in 1968 and 18,000 in 1980, for growth rate of 24.1 per cent.

Floor covering installers—37,000 in all industries and 26,000 in the construction industry in 1968 and 47,000 and 33,000, respectively, in 1980, for growth rates of 27 and 26.9 per cent.

Glaziers—9,000 in 1968 and 13,000 in 1980, for growth rate of 44.4 per cent.

Lathers—30,000 in 1968 and 38,000 in 1980, for growth rate of 26.7 per cent.

Operating engineers—285,000 in all industries and 220,000 in the construction industry in 1968 and 410,000 and 300,000, respectively, in 1980, for growth rates of 43.9 and 36.4 per cent.

Painters and paperhangers—430,000 in all industries and 300,000 in the construction industry in 1968 and 510,000 and 350,000, respectively, in 1980, for growth rates of 18.6 and 16.7 per cent.

Plasterers—40,000 in all industries and 35,000 in the construction industry in 1968 and 50,000 and 30,000 in 1980, with a anticipated growth

This Fruit

... looks like an apple from a good tree. God used this parable to teach an authoritative lesson of truth to some who were calling, "Lord, Lord." He answered, saying, "Not everyone that calls me Lord, shall get to heaven." He spoke plainly and used small words, and said, "Only those who bear good fruit will make it." See this tree loaded with fine fruit! Few of us stop to ponder its history. But every orchard expert knows well every sound tree. The good fruit is detectable from way off. The lesson is clear. *Goodness all the way to the core is the kind of fruit God wants.* Soundness of heart, purity of mind and integrity of character are essential if one's fruit is to please God. No one gathers grapes from thorns, or figs from thistles. Read the Sermon on the Mount; Meditate on I Corinthians; Hear what He says in Romans 8 and 12. Here one will find soil where good trees may grow and from which good fruit may be gathered.

So They May See - Genesis 1:1-14 - So They May Hear

IN THE BEGINNING GOD created the heaven and the earth.

2. And the earth was without form, and void; and darkness was upon the face of the deep. And the Spirit of God moved upon the face of the waters.

3. And God said, Let there be light: and there was light.

4. And God saw the light, that it was good: and God divided the light from the darkness.

5. And God called the light Day, and the darkness he called Night. And the evening and the morning were the first day.

6. And God said, Let there be a firmament in the midst of the waters, and let it divide the waters from the waters.

7. And God made the firmament, and divided the waters which were under the firmament from the waters which were above the firmament: and it was so.

8. And God called the firmament Heaven. And the evening and the morning were the second day.

AND GOD SAID, Let the waters under the heaven be gathered together unto one place, and let the dry land appear: and it was so.

10. And God called the dry land Earth; and the gathering together of the waters called he Seas: and God saw that it was good.

11. And God said, Let the earth bring forth grass, the herb yielding seed, and the fruit tree yielding fruit after his kind, whose seed is in itself, upon the earth: and it was so.

12. And the earth brought forth grass, and herb yielding seed after his kind, and the tree yielding fruit, whose seed was in itself, after his kind: and God saw that it was good.

13. And the evening and the morning were the third day.

14. And God said, Let there be lights in the firmament of the heaven to divide the day from the night; and let them be for signs, and for seasons, and for days, and years:

15. And let them be for lights in the firmament of the heaven to give light upon the earth: and it was so.

WORSHIP IN CHURCH

and get a spiritual lift for the whole week

TO THE CITIZENS OF HOPE:

As You Know, The Success Of The Two Bond Issues To Be Voted On Tuesday, November 9, Is Of Great Significance To Our Community.

- 1.** Voting FOR the Permaneer Act 9 Bond Issue and Voting FOR the other ballot which is Tennessee Forging Steel Company will, according to the projected figures of these companies, create approximately 800 new jobs in our community and approximately \$3,000,000.00 in new payrolls will be generated when the companies are in full operation.
- 2.** There is absolutely NO liability on the part of the City or County.
- 3.** Arkansas law states that Revenue bonds must be issued with the approval of a majority of the qualified electors of the municipality. This is merely a legality and as stated above No liability is imposed on the City but necessitates the election.
- 4.** Some of the employees will be newcomers to Hope and, consequently, new taxpayers. In addition, the Companies have agreed to make payments annually in lieu of real estate taxes to be pro-rated among the school district, city and county.

We urge you to not only VOTE FOR both Act 9 Bond Issues but to explain to those not understanding how important it is that for the sake of the future growth of Hope the votes must be overwhelming FOR both issues.
